

# S1 COLOUR

## TASK 1)

We have all seen a colour wheel before and we have learned about some of the rules about colour – this is called Colour Theory. Let's test our colour knowledge! Research the answers if you are unsure.

- 1) Make a list of the COOL colours and of the WARM colours.
- 2) Name a pair of OPPOSITE colours.
- 3) Name a pair of HARMONIOUS colours.
- 4) List the PRIMARY and SECONDARY colours.
- 5) What is MONOCHROMATIC colour?
- 6) What is the difference between a TINT and a SHADE of colour?

## TASK 2)

Make your own colour wheel with objects you have at home! You can use anything you like. Make sure the colours are in the correct order! Scroll down the ideas below for inspiration.
